

CONSULTING ROOM. COVERED.

Complete Consulting Room Supply Solutions

Axis Health is a leading provider of premium quality healthcare equipment and consumable products.

Axis Health provides end to end solutions including equipment and service solutions for acute, aged and primary care. With a primary focus on customer care, our experienced team are able to tailor a solution that exceed the expectations of today's healthcare market.

With an extensive product range, combining local design and manufacturing with market leading global brands, Axis Health continues to build an extensive reputation within the following markets:

- Acute Care
- Aged Care / Home Care Living
- Primary Care

Combining product innovation with market leading patient care advantages, Axis Health can provide solutions for: Bedding and Furniture Packages, Medical / Medication Carts, Stainless Steel Medical Equipment, Storage Solutions, Material Handling Products, Surgical Instruments, Clinical Refrigerators and Warming Products, IV Pole Systems, Screening Systems and Mobile Computing Products.

Our range of products and services enables Axis Health to be a major provider for large healthcare projects with the scope to provide consultative services to Project Planners, Architects and Contractors.

To complement this broad range of products, Axis Health has in place a dedicated service division providing innovation and technical support to our clients. Because of the technical nature of our products, our commitment to after sales service takes a high priority and ensures that all service issues are dealt with promptly, therefore minimising and preventing any down time. Preventative Maintenance support programs are customised for all service and maintenance needs.

For more information on Axis Health range of healthcare equipment and supply options, call 03 9922 0300 or submit your enquiry via our online contact form.

EXAMINATION COUCHES

Acero

Acero examination couches offer a very cost effective solution to any consultation facility. The all electric operation not only provides ease of use, but is ergonomic and OH&S friendly.

A generous low height, allows for easy ingress by patients and the couch can be effortlessly raised to a comfortable height for the care giver.

Both the two and three section models are ideal for general examination, assessments and clinical treatment, yet the three section model is very helpful in the management of lower limb problems such as vascular circulation.

The couches are fitted with 100 mm castors, fully braked that enables transportation where necessary.

Twin support frame design enables excellent stability and weight distribution. Unique base design gives clear access for patient lifters and over bed tables.

AX46002SECT 2 Section

Height Range	490 – 900mm
Head Section	Positive tilt to 85° 595mm
Foot Section	1300mm
Size	1900mm long x 700mm wide
SWL	200kg

Optional:

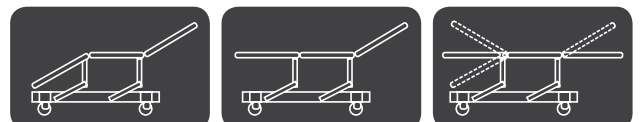

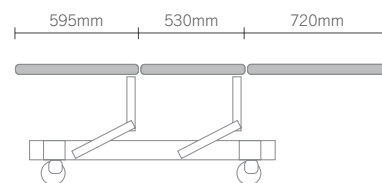

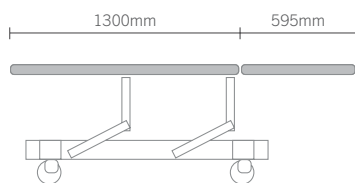

Foot Control	AX3021
Side Rails	AXSS70

AX46103SECT 3 Section

Height Range	490 – 900mm
Head Section	Positive tilt to 85° 595mm
Foot Section	720mm
Mid Section	530mm
Size	1900mm long x 700mm wide
SWL	200kg

Optional:

Foot Control	AX3021
Side Rails	AXSS70

Seers Innovation

MG2470 2 Section

The Seers Innovation range of variable height examination couches feature fully electric height adjustment and profiling backrest and footrest. Designed with extreme low height and generous maximum height the Innovation range has the ability to support very heavy patients and is suitable for general examination and minor treatment procedures.

MG3470 3 Section

The Seers Innovation range of variable height examination couches feature fully electric height adjustment and profiling backrest and footrest.

Designed with extreme low height and generous maximum height the Innovation range has the ability to support very heavy patients and is suitable for general examination and minor treatment procedures.

Fixed Height Couches

AX357G Fixed Height Couch

- 1810 x 600 x 820
- Powdered Coated Frame
- Adjustable Head Section
- Padded Upholstered Top
- Tubular frame

AX385 Heavy Duty Fixed Height Couch

- 1810 x 760 x 820mm
- Adjustable head section
- Reinforced frame structure
- SWL 250kg

- Suits AX385
- Drawers on metal roller runners

Seers Range Couches

SM8563

Gynaecology Couch

Designed with an adjustable back rest with positive angle of 0–75° and excellent height range of 49–104cm, the Seers Gynaecology Couch provides solutions for patient examination and treatment procedures.

This model has a safe working load and lifting capacity of 240kgs and can be configured with a choice of retractable wheel design with adjustable foot for uneven floors or with large wheel mobile base design.

SM8583D

Deluxe Gynaecology Couch

Designed for colposcopy and general gynaecology procedures, the deluxe models feature electric positioning for height, backrest angle and tilt position.

They are supplied with a special set of accessories which include a matching operators chair, base frame shrouding, choice of seat extension, leg supports and matching head cushion, side support loops, debris tray and paper roll holder.

SM0575

Multi Couch

With 90 degree dropping extendable foot sections, this Multi Discipline Couch provides simple seating for a range of treatments & examinations. Added to this, the small foot print of the base allows this chair to be used in confined spaces.

These products lend themselves to use in such areas as chiropody, lymphodema, leg ulcer clinics, orthopaedic casting, phlebotomy as well as being ideal for GP surgeries and Health Centres

SM3573

Bariatric Couch

These products meet the increasing requirements for providing examination couches with the capability of supporting extremely heavy patients. All these models have a safe working load and lifting capacity, from minimum height, of 325kgs.

Stainless Steel Trolley Features:

Shelf Rails

- 12mm stainless steel shelf rails
- Fully welded stainless steel shelf
- Double safety folds to all edges

Undershelf Bracing

- Full under shelf bracing providing maximum stability and strength

Drawers

- Full stainless steel construction

Drawer Runners

- Full extension drawer runners with easy glide metal runners

Stainless Steel Construction

- Satin finish 304 grade stainless steel throughout

Castors

- 75mm ball bearing fork castor
- Soft grey rubber wheel
- Expanding adaptor for easy removal

Spectra Carts

The Spectra range is a cart system that combines mobility and drawer flexibility into a lightweight colour coded package that has applications throughout all healthcare environments. The unique drawer system is based on removable 60 x 40 tray systems that offer different depths and the option of integrated drawer dividers. This allows flexibility with the carts applications, particularly in the ability to restock the carts with transfer tray systems.

The carts shelves are one piece moulded polymer which enables easy cleaning and eliminates infection control issues due to the rounded internal mould design, whilst integrating a raised lip to three sides to prevent items falling off.

The Spectra range offers unlimited drawer configurations and a range of colourful drawer fronts.

Features:

- Anti bacterial polymer shelf
- Spectra colour drawer options
- Module 60 x 40 trays or baskets
- 125mm Castors; 2 Brake

Optional:

- Interlocking tray dividers
- Ergonomic push handle

AXS0001

2 Shelf
700 x 500 x 1000H mm

AXS0010

- Locking hand wheel compression spring assisted raising
- 55mm twin wheeled castors
- Height range: 745 to 1055mm
- Safe working load: 25kg evenly distributed

AX252 Mayo — Table Slide Base

- Height 820 – 1120mm
- Tray size 560 x 410mm
- Stainless construction
- 2 Leg flat base
- 75mm castors

AX256 Mayo Table — Four Wheel

- Height 820 – 1120mm
- Tray size 560 x 410mm
- Stainless construction
- 4 Leg base
- 50mm castors

AX254 Mayo Table — Three Leg Base

- Height 820 – 1120mm
- Tray size 560 x 410mm
- Stainless construction
- 3 Leg base
- 75mm castors

OXYGEN BOTTLE HOLDERS

AX534 Cylinder Holder Hook

- 130 x 130 x 350mm
- Suits C size sheet metal

AX543 Cylinder Holder Pin Mount

- 150 diameter x 350mm
- Suits 12mm socket and hooks onto trolley or bed

AX537 C Size Oxygen Bottle Trolley

- Epoxy coated stainless steel
- 150mm castors

AX543 D Size Oxygen Bottle Trolley

- Epoxy coated stainless steel
- 150mm castors

LIGHTS

PROVL100081A

Series 1 LED Examination Lamp Double-Joint Articulated Arm

LED bulbs for economic long term operation. This Provita Series 1 lamp offers optimal heat dissipation utilising a double wall lamp head housing which reduces any heat output. The integrated ergonomic handle allows for easy and safe positioning of the lamp head.

- Working radius: approx 1100mm
- Bulb life expectancy: 20,00 hours
- Switch lamp at head
- Total weight: 2.8kg

PROVL100011A

Series 1 LED Examination Lamp Gooseneck Arm

- Easy and safe positioning of lamp head
- Modern and attractive design
- An examination lamp with the newest LED technologie for an economic long term operation in Hospitals and Clinics
- The new LED light bulb in connection with a special developed Reflector provide a well-focused illumination
- Low maintenance through an enhanced life time of the light bulb up to 20,000 hours

AX2382

Stand with Castor Base

- Multi Purpose
- Powder coated finish
- 5 Star base
- 50mm castors

MLR

Round Magnifying Lamp

- Magnifies to 1.75 times actual size
- Features a 2 piece arm with a 1140mm reach
- Wide magnifying lens
- Shadow free illumination
- Field of vision for use of both eyes

STETHOSCOPES

LSCLT Classic Tunable Stethoscope

Dual head professional stethoscope with superior acoustic sensitivity and pressure sensitive diaphragm. The high performance stainless steel chest piece is at the top of its class. The definitive doctors stethoscope.

- Optimum acoustic performance
- Tunable diaphragm
- Name tag, spare ear tips and diaphragm included with each stethoscope
- Dual head chest piece with non-chill ring
- Latex Free

LSCAB Cardiology Ultrasharp Stethoscope

Concise, sleek and smooth ergonomic design for that professional touch.

- Ergonomic and unique design
- Two-in-one tube system for improved sound conduction
- Comfortable and flexible binaural
- Silicone ear tips make the auscultation clearer

LSCL Classic Stethoscope

Featuring a two-sided chest piece, this classic stainless steel stethoscope offers high acoustic sensitivity for superior performance.

The Liberty Classic Stethoscope has professional styling along with practicality and performance

- Rotating stainless steel dual head chest piece
- Double inner spring binaural
- Non-chill ring and diaphragm retaining ring provide excellent patient comfort
- Flexible PVC tubing, standard length 63cm
- Latex Free
- Packaged in a hanging display case
- 12 month Manufacturer's warranty

GENERAL MEDICAL PRODUCTS

UVL Ultraviolet Light

- 16 x 5.3 x 2.5cm
- 4 watt ultraviolet light with torch
- Convenience hand size
- On/Off push switch
- Takes 4 x AA batteries (not included)

T2MTR Retractable Tape Measure

- 2 metre retractable measuring tape
- Plastic housing
- Flexible material tape with metric measurements

KT-239B Electronic Digital Timer

- Electronic timing
- Clip attachment / Magnet / Stand
- Counts down from 100 minutes
- 8mm high display

SMPARMT Sterile Skin Markers

- Single use, non toxic, non tattooing and surgical prep resistant
- Markings can be removed from the skin with isopropyl alcohol
- Packaged with a 15cm ruler

M2001 Binocular Loop Magnifier

- Adjustable padded head band
- Comes with a standard plastic lens 2.7 x
- Retractable visor

DTEBCS Penlight Torches

- Central push button on/off switch and pocket clip
- Sealed concentric beam bulb

UCP100 Pediatric Urine Collector

- Sterile packed; disposable single use
- Foam ring at opening for patient comfort and adhesive surface for security and for sealing container

GSOG Safety Glasses

- Fits over prescription glasses or wear alone
- Anti-glare brow guard, universal bridge with wide side shields
- High impact scratch resistant lens

TDW Tongue Depressors

- Wooden tongue depressors
- Bx 100

SSBP Biopsy Punches

- Size embossed on each punch for easy identification
- Sterile and ready to use
- Fully disposable
- Wide range of sizes

INTGEL3057 / INTGEL3510 Hot and Cold Packs

- Microwave, Hot Water or Freeze
- These gel packs can reach a high of 60°C and a low of -12°C
- Maintains therapy for approximately 30 minutes; reusable with either heat or cool therapy

CTD Digital Thermometer

- Easy to read
- Memory of last measured temperature
- Auto shut off
- Battery life of 100+ hours

GENERAL MEDICAL PRODUCTS (Continued)

DBLOC Liberty Locum Medical Case

- Fold down case with attached lid, adjustable compartments in bottom with movable dividers and see through cover
- Ampoule holders included
- Made out of durable lightweight aluminum frame and aluminum casing in black/silver with re-enforced right angle plastic corners
- Durable side handle for easy carrying, includes two secure locks
- W47cm x D33cm x H18cm

SPVACPLUS Suction Pump Multi-Voltage

Fully Portable with a Built-in Battery. Smooth hygienic finish, water resistant, easy to clean and maintain.

The VacPlus suction unit is lightweight, compact and can be used in either AC or DC mode. This unit is available with a rechargeable battery.

K50 Range Tourniquets

- Skin-friendly, flexible and soft ribbon
- 25mm wide
- Sturdy safety snap closure
- One-hand operation
- Available with quick release lock
- Metal Free and Latex Free
- No squeezing or pinching of the skin
- Various colours available

K521001B125 Disposable Tourniquets

- Single patient use
- Soft fleece material avoids hair catching
- The micro-velcroed strip attaches securely to any part of the strap, allowing for an easy and safe closing and simple opening
- Latex free, silicone free, and DEHP free

SSDC
Scalpel Handle and Blades

These blades consist of pre-assembled stainless steel surgical blades mounted on an ABS plastic handle with fluted finger grips. The blades are safely protected by LDPE guard.

PSEL
Electric Plaster Cutting Saw

- Alloy blade is suitable for constant use
- Function of parenchyma protection is safe and reliable
- Variable speed control
- Suitable for cutting macromolecule plastic material

SSC
Stitch Cutters

- STERILE and disposable
- Made of Carbon Steel
- Sterilised by Gamma Radiation
- Standard stitch cutter with a larger area for grip
- Ideal for the purpose of cutting modern suture materials whilst minimising patient discomfort

LA19-0155
Finger Ring Saw

For cutting Titanium & Stainless Steel as well as Gold & Silver soft metals.

- Ergonomic modelled clip
- T-handle with ball snap closure: Secures the locking and provides an optimal power transmission
- Long life guarantee HSS (High Speed Steel) saw blade
- Usable for right and left handed people

RESPIRATORY

PNL Nebuliser Pump

- Continuously rate for constant use
- Super quiet operation
- Compartment for storage of accessories
- High efficiency filter

1405 Silicone Adult Resuscitator

- Pressure relief: $60 \pm 10\text{CM H}_2\text{O}$
- Lock type override mechanism
- Maximum/Stroke volume: 1500/1350ML
- Max breath cycle rate: 45BPM

63 Range Guedel Airways

- Features airway and bite block for airway management
- Consists of a large flange, a reinforced bite portion, and a gentle curve that follows the contour of the tongue
- Ranges from 40mm to 110mm
- Colour code for size identification conforms to ISO requirements

LRESC0205 Oxygen Cannula

- Soft, transparent, odour free PVC to ensure the best fit and user comfort
- Soft tip, over the ear style to provide low flow oxygen
- Disposable, anti crush 2 metre tubing
- Latex free

BLOOD PRESSURE

BSOHA Sphygmomanometer Aneroid

- Palm type sphyg, one-hand use
- Designed for convenience in both left and right-handed use
- Includes: Adult cuff, adult latex free bladder, bulb with intake valve and a nylon carry case
- Large 55 mm dial
- Latex free

SWMA Wall Model Sphygmomanometer Aneroid

- Large, easy to read 150 mm dial
- 300 mm Hg no pin stop mechanism
- Rear bracket storage compartment area
- Full 110° rotation for easy viewing
- Nylon velcro cuff, bladder, bulb and valve included
