

MEDICAL & MEDICATION CARTS. COVERED.

Organisation and Medication Distribution Solutions

Axis Health is a leading provider of premium quality healthcare equipment and consumable products.

Axis Health provides end to end solutions including equipment and service solutions for acute, aged and primary care. With a primary focus on customer care, our experienced team are able to tailor a solution that exceed the expectations of today's healthcare market.

With an extensive product range, combining local design and manufacturing with market leading global brands, Axis Health continues to build an extensive reputation within the following markets:

- Acute Care
- Aged Care / Home Care Living
- Primary Care

Combining product innovation with market leading patient care advantages, Axis Health can provide solutions for: Bedding and Furniture Packages, Medical / Medication Carts, Stainless Steel Medical Equipment, Storage Solutions, Material Handling Products, Surgical Instruments, Clinical Refrigerators and Warming Products, IV Pole Systems, Screening Systems and Mobile Computing Products.

Our range of products and services enables Axis Health to be a major provider for large healthcare projects with the scope to provide consultative services to Project Planners, Architects and Contractors.

To complement this broad range of products, Axis Health has in place a dedicated service division providing innovation and technical support to our clients. Because of the technical nature of our products, our commitment to after sales service takes a high priority and ensures that all service issues are dealt with promptly, therefore minimising and preventing any down time. Preventative Maintenance support programs are customised for all service and maintenance needs.

For more information on Axis Health range of healthcare equipment and supply options, call 03 9922 0300 or submit your enquiry via our online contact form.
